# Extension Course for Private Duty Nurses

---

Arrangements are being made to provide lectures in the subjects indicated below. It cannot, of course, be definitely stated at this time that these subjects will certainly be provided but the programme will be as nearly of this type as circumstances will permit.

## PRESCRIPTION OF WORK FOR FORENOONS

English Literature	-	-	-	-	-	4 hours
Public Speaking	-	-	-	-	-	4 hours
Psychology	-	-	-	-	-	4 hours
Contagious Diseases	-	-	-	-	-	2 hours
Diet and Disease	-	-	-	-	-	2 hours
Emergency Surgery	-	-	-	-	-	1 hour
Influenza, sleeping sickness, and pneumonia	-	-	-	-	-	1 hour

The afternoons will be spent at clinics in the Toronto Hospitals. These are being arranged by the Executive of the Private Duty Committee.

The purpose of the Course is to provide as many lectures as possible in cultural subjects along with a few in those subjects that are of immediate importance in the nurse's everyday life. It has always happened in these short courses that those in attendance receive great enjoyment and profit from the lectures in cultural subjects. This study, although necessarily brief, gives one something of a glimpse into the sphere of higher education.

Any information that may be required regarding this course or other courses of interest to nurses will be promptly and cheerfully furnished on application to W. J. Dunlop, Director, University Extension, University of Toronto, Toronto.

It is of the greatest assistance in arranging for classrooms, rooms in residences, etc., to have a fairly exact idea of the probable enrolment. Those who intend taking this Course are asked, therefore, to be good enough to send in the application below on or before August 1st, 1923.
